FINANCE and PREMISES COMMITTEE

Charging and Remissions Policy for Educational Development

Introduction

Our Federation aims to:

- Have robust, clear processes in place for charging and remissions
- Clearly set out the types of activity that can be charged for and when charges will be made

This policy should be read in conjunction with advice from the Department for Education on charging for school activities and section 449-462 of the Education Act 1996.

Additional Activities Organised for Pupils – Educational visits

During the school year visits/workshops are organised to support and enrich the school curriculum taught in the classroom. Parents are notified of the cost of such events and are requested to make a voluntary contribution. If we do not receive sufficient voluntary contributions and the school budget is unable to make up the difference, we will cancel the activity.

Residential Visits – outside of the school curriculum

A voluntary contribution will be requested to cover the cost of board and lodgings. We will normally request a voluntary contribution for additional costs incurred, e.g. transport costs, entrance fees, workshop cost, Arbor fees and insurance costs.

An initial deposit will be taken and a regular payment Programme put in place. All voluntary contributions must be collected by the time requested by the visit organisation.

If we do not receive sufficient voluntary contributions and the school budget is unable to make up the difference, we will cancel the activity.

Remissions for residential visits

Parents who are in receipt free school meals will be eligible for a discount towards paying the cost of board and lodgings.

Voluntary contributions

If a parent wishes their child to take part in an educational visit and is unwilling or unable to make a voluntary contribution the child will be allowed to participate fully in the trip or visit. The child will not be treated differently from any others. Parents with children entitled to free school meals (FSM), or pupil premium, or who have difficulty in making the voluntary contribution may contact the school office, in confidence, as assistance may be available.

Music Tuition

There is a charge for individual or group tuition outside of National Curriculum requirements.

Extended School Facilities

The regulations allow for charging for extended activities i.e. breakfast and after-school clubs, squads and other school run clubs

Damages, Breakage or Loss

The Governing Body reserves the right to make a charge for the cost of replacing damaged school equipment (i.e. broken laptop) or a damaged or lost library book, when this is a direct result of a child's poor behavior choices.

Independent School Application Support

Considering the volume of requests received, we will request a £40 fee to support an application to an independent school, typically in the form of a personalised report. This charge is per report.
