COMPUTING WORKSHOPS

CARLISLE INFANT SCHOOL YEARS 1 + 2

Afterschool Code Club_

Our term starts with AI COMICS! Dive into the thrilling world of AI and bring your favourite characters to life like never before. Train the AI algorithms how you want your comic book characters to look and act. Choose your favourite character, Mario, Sonic or a cartoon character then use AI to colour and build you comic!

Our term continues with MAGIC MOTION! Get ready to bring your imagination to life! In this exciting workshop, you'll use your own toys and characters to star in an animated story – created entirely by you using Scratch. You'll learn how to program your pictures to move from scene to scene, add fun sound effects and voiceovers, draw directly on your images for cool visual effects, and include text so your characters can speak. These creative tools will help you build a fun, interactive animation that's completely your own. This is your chance to design an animation from start to finish, combining creativity, storytelling, and technology. You'll work in pairs, the team with the most exciting animation will win a trophy! Let the magic begin!

DATES	**TIME**	**PRICE**
Fridays 9th Jan – 20th Mar	3:15 – 4:15 PM	£ 104.50 for 11 days of fun learning

BOOK HERE: https://tinyurl.com/Carin26

When children learn animation, they're not just making cartoons – they're learning to tell stories, think critically, and bring ideas to life!

Click the link above to view course details OR visit our website and head to the booking tab. Enter your postcode in the locations field and click search to view courses. Then select the school or venue you require. N.B. You can only attend courses held at the school that your child attends. You can also search by the school postcode.
